LONG TERM TRACK RECORD

INVESTOR PROFILE

The Fund is suitable for institutional investors:

- who seek exposure through supporting high impact developmental investing in terms of social, environmental and governance criteria;
- who are comfortable with the inherent volatility of the financial markets, and who acknowledge that the effects of impact investing occur over medium to long term time horizons;
- who seek long term capital growth whilst promoting impact and socially responsible investing.

INVESTMENT MANDATE

The Mergence Infrastructure & Development | Debt Fund is a socially responsible fund that invests in projects, businesses, organisations and funds that encourage and enhance growth and development in South Africa. This Fund aims to invest in debt investments issued to create positive and sustainable social and/or economic impact beyond the financial return.

INVESTMENT OBJECTIVE

The Mergence Infrastructure & Development | Debt Fund has a long-term performance target of inflation +3% per annum over the medium to long term by investing in opportunities that create both a positive and measurable social developmental and/or environmental impact.

IMPACT REPORTING

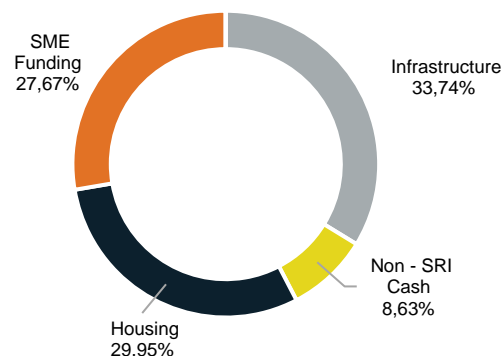

The Fund utilises a detailed process to evaluate and verify the social and environmental impact of each investment. Approved investments will be expected to achieve the Fund's financial return objectives, whilst also satisfying social impact, environmental and governance criteria.
